## OUR ACCOMPLISHMENTS

- We continued to utilize the “Thinking Classroom” approach to problem solving, which helped maintain student engagement and confidence in math. This approach was also implemented in other subject areas as well.
- Ongoing focus on assessment and subsequent targeting of areas of need in Numeracy (using MILE math) and Literacy skills (using UFLI Foundations)
- Collaborative Team Meetings continue to put student key issues at the forefront with team-developed action plans to provide support.
- Student involvement in team sports (volleyball, basketball, badminton) as well as Missoula Children’s Theatre was implemented.
- Focus on the implementation of new curriculum in ways that promote concept development through rich, relevant, and engaging learning environments.
- Collaborative Professional Learning with Division 1 (K-3) and Division 2 (4-6) to focus on school wide implementation of school goals to build a school wide approach to learning.
- We did not write PAT exams in Language Arts, Math, Science or Social this year.

## ENGAGING OUR COMMUNITY

- We are striving to continue working on engaging parents in events of our school. Maintaining an open door policy for all parents and a translation service available to our ELL parents is a priority.
- Our presence on social media and using the messenger app will help to engage and keep parents and community informed.

## COMMENTARY ON OUR RESULTS (PUTTING IT INTO CONTEXT)

- *We will continue to utilize the Leader in Me framework to help students continue to build their own voice and strength.*
- *As we invite School Council to sign up and participate in school events we hope to provide greater transparency, engagement and build strong relationships.*
- *Continued focus on targeting through assessment is warranted in both literacy and math interventions to ensure the needs of all learners are being met.*
